

Technical overview

JURA standards

Variable brewing unit, from 5 g to 16 g	■
Intelligent Pre-Brew Aroma System (I.P.B.A.S.®)	■
Intelligent preheating	■
Active bean monitoring	■
Energy Save Mode (E.S.M.®)	2 levels
High-performance pump, 15 bar	1
Thermoblock heating system	2
Fluid systems	2
Filter cartridge	CLEARYL Pro Blue
Monitored drip tray	■
Maintenance status display	■
Integrated rinsing, cleaning and descaling program	■
Adjustable water hardness	■
JURA hygiene: TÜV-certified	■
Swiss made	■

Specific benefits

Latte macchiato at the touch of a button	2
Cappuccino at the touch of a button	2
Pot of espresso-quality coffee	■
No. of individually programmable specialities	31
Milk or milk foam preparation selectable via electrically controlled air intake	■
JURA fine foam technology	■
Electrically adjustable ceramic disc grinders (5 levels)	2
Powder recognition for second, ground coffee	■
Indicator light for bean container	■
A la carte bean selection	■

Settings and programming options

Programmable amount of water	■
Amount of water can be adjusted for each preparation	■
Programmable coffee strength	5 levels
Coffee strength can be adjusted for each preparation	■
Programmable brewing temperature	3 levels
Programmable amount of milk	■
Programmable hot water temperature	3 levels
Rotary Switch for intuitive navigation	■
Programmable preparation buttons	8

Switch-on and switch-off times can be specified for each day of the week

Resettable day counter	■

Design and materials

Alu Frame Design® 3 mm aluminium front	■
TFT colour display	■
Venti Ports	■
Height-adjustable dual spout (milk/coffee)	2.8 – 6.3 inches
Width-adjustable dual spout	0.79 – 2.0 inches
Height-adjustable hot-water spout	2.7 – 6.5 inches
Amber cup illumination	■
White cup illumination	■
Sound design	■

Accessories

Accounting system	optional
Coffee grounds disposal set	optional
Drip drain set	optional
Coffee to Go equipment	optional
MDB interface unit	optional

In figures

Water tank capacity	169 oz
Coffee grounds container (servings)	approx. 40
Bean containers with aroma preservation cover	2 x 23 oz
Cable length	approx. 43 inches
Voltage	120V – 60 HZ
Power	1250 W
Weight	40 lb
Dimensions (W x H x D)	14.6 x 22.2 x 19.6 inches
Checks	U
Model Number / Color	13624 Silver

2 professional ceramic disc grinders

Variable dual spout with 2 coffee spouts and 2 milk spouts

Rotary Switch and TFT display for maximum speed

Ventilation stats guiding heat out and supply fresh air

PROFESSIONAL

Twice the performance for perfect coffee and milk foam

The GIGA X7 Professional redefines the pleasure of coffee. With the combined power of two grinders, two heating systems, a high-performance pump and two fluid systems, coupled with user-friendliness and superior quality, the GIGA X7 Professional prepares delicious ristretto, espresso, espresso macchiato, café crème and latte macchiato - two at a time. The ingenious, intuitive and simple control concept includes a ball bearing-mounted Rotary Switch and TFT display for maximum speed and efficiency. 19 specialities and another 12 programmable barista recipes can be individually programmed.

Technologies

Two high-performance ceramic grinders, controlled by electronic motors, guarantee quick, precise, even and consistent grinding for many years to come. As an ingenious feature, the air intake in the dual spout is electrically adjusted by a geared stepper motor. When you make a latte macchiato, the machine automatically dispenses hot milk followed by milk foam into the glass. This feature saves valuable time.

Cleaning/Hygiene

As well as being easy to operate and program, the machine is designed to be very easy to care for. The integrated rinsing, cleaning and descaling programs reduce the effort involved to a minimum and guarantee TÜV-certified hygiene.

Customization

With a wide selection of accessories including an interface for accounting systems, as well as an attractive range of storage and presentation units, it is possible to create a complete coffee solution tailored to your specific requirements.

GIGA X7 Professional

SWISS MADE

Preparation times

Jug (12 oz)
2 minutes 30 seconds

2 latte macchiato
1 minute 28 seconds

2 cappuccino
1 minute 20 seconds

2 café crème
1 minute

2 espressi
35 seconds

2 ristretti
26 seconds

Hot water (7 oz)
28 seconds

Areas of use

For permanent and variable locations, such as:

- Large offices
- Seminar/conference facilities
- Petrol stations
- Bakers
